## SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

The following have been added by full text:

AMENDMENT 0003

Note: Bidders must acknowledge receipt of this amendment by the date specified in the solicitation (or as amended) by one of the following methods: In the space provided on the SF1442, by separate letter, or by telegram, or by signing the block 15 below. **FAILURE TO ACKNOWLEDGE AMENDMENTS BY THE DATE AND TIME SPECIFIED MAY RESULT IN REJECTION OF YOUR BID IN ACCORDANCE WITH THE LATE BID, LATE MODIFICATIONS OF BIDS OR LATE WITHDRAWAL OF BIDS (FAR 14.304)**

**NOTICE TO BIDDERS**

Failure of the bidder to Acknowledge receipt of this Amendment in Item 19 of Standard Form 1442 (Pg. 00010-2) may result in REJECTION of the bid.

IFB NO. W912DS-05-B-0017

Amendment No. 3

Department of the Army, NYD  
Corps of Engineers  
New York, NY 10278-0090

**AMENDMENT NO. 3: CLARIFICATION TO PLANS & SPECIFICATIONS FOR GREEN BROOK SUB BASIN OF THE RARITAN RIVER GREEN BROOK FLOOD CONTROL PROJECT, FINDERNE FARMS MITIGATION**

**TO BIDDERS**

**NO FURTHER QUESTIONS FOR THIS SOLICITATION SHALL BE ACCEPTED BY THE GOVERNMENT. OFFERERS MUST BID THE PROJECT AS THEY SEE IT, UNLESS MAJOR TECHNICAL DEFICIENCIES ARE FOUND.**

1. **Bid Opening:** The date for Bid Opening is changed to 2:00 PM Monday 12 Sept 2005. The place for Bid Opening remains unchanged.

2. **Plans:**

**Supplemental information to Sheet C39 – Typical Section for Nature Trail Section (Narrative change)**

The post sizing is 2"x2"x18". And the spacing is 3.3'. The timber curbing is spaced out as 10' boards so there are 4 posts per board.

### 3. Specifications:

#### **Bid Schedule**

The Bid Schedule has been revised to indicate that there are three biddable items in the base bid and one option for insurance.

#### **Section 02731 - Page 4, Table I (Narrative change)**

The Trail for Designation 1/8 in. should be 90-100

The Trail for Designation No. 4 should be 75-90

### 3. Questions & Answers for information purposes only:

*The term topsoil being used in these plans and specs refers only to the top 18" of soil already on site and does not refer to a higher quality planting soil.*

1) Topsoil is stripped from what areas?

Topsoil is stripped from all areas on the plans labeled "Clearing and Grubbing", see sheet C44 "Clearing and Grubbing Zones & Herbivory Fencing Zones".

2) Excess topsoil remains onsite?

There is to be no fill in the designated floodway with the exception of the exempted fill operation at the abutments for the 3-side box culvert being installed in Finderne Brook. All excess soils will be removed from the site.

3) Where is topsoil stockpiled?

There is a stockpile location called out on sheet C03 "Soil Erosion and Sediment Control Plan" that is located out of the floodway.

4) Is all soil to be moved topsoil?

The top 18" of soil is being considered "topsoil" and will be placed back on site. This equals a volume of approximately 90,000cy. There is an approximate remaining 11,000cy to be removed from the site to meet all proposed grades.

5) Will site be balanced? Or can it be?

No, the site is not balanced and cannot be balanced due to NJDEP floodway regulations. Approximately 11,000cy will be removed from the site. This material can be moved to nearby Army Corps levee projects under coordination with the contracting officer.

6) Work covered by options has no prep work as part of base bid?

The bid schedule has been revised in this amendment to indicate that the base bid is comprised of three biddable items. Therefore the prep work is now part of the base bid.

7) Where is streambed stripping stockpiled?

There is a stockpile location called out on sheet C03 "Soil Erosion and Sediment Control Plan" that is located out of the floodway.

This Amendment shall be attached to the specifications and shall be a part thereof.

SECTION 00010 - SOLICITATION CONTRACT FORM

The Issued By organization has changed from  
CONTRACTING DIVISION  
26 FEDERAL PLAZA ROOM 1843  
NEW YORK NY 10278
